Introduction

The Municipal Audit Clarification Act, Act 2022-345, Acts of Alabama, was passed by the Legislature during the 2022 legislative session. The Act became effective on July 1, 2022. This Act amended Section 11-43-85, **Code of Alabama 1975**. The Act set out that the audit/examination requirements for Municipalities fall in three categories: (1) Municipalities with annual expenditures of \$300,000 or more; (2) Municipalities with annual expenditures of less than \$300,000 with an exception granted for municipalities in Category 3; and (3) Municipalities with annual expenditures of \$100,000 or less. Each of the categories is discussed in the following paragraphs.

Category 1 – Municipalities with annual expenditures of \$300,000 or more

The Mayor or City Manager in a municipality with annual expenditures of \$300,000 or more “is required to have an annual audit conducted of the financial affairs and transactions of all funds and activities of the Municipality by an Independent Public Accountant for each fiscal year”.

Category 2 – Municipalities with annual expenditures of less than \$300,000

Except as provided for municipalities in Category 3 below, the Mayor or City Manager is required “to provide for and cause to be made a biennial audit of the financial affairs and transactions of all funds and activities of the municipality by an independent public accountant for each fiscal year of the municipality.” The audit is required to include each fiscal year since the preceding audit.

Category 3- Municipalities with annual expenditures of \$100,000 or less

The City Council in municipalities with annual expenditures of less than \$100,000 “may elect to provide for and direct the Mayor or City Manager to cause to be made an annual report, in lieu of the biennial

audit required for municipalities in Category 2 above, that complies with procedures established by the Department of Examiners of Public Accounts (DEPA). These municipalities must provide this annual report to DEPA and it “shall constitute the annual audit report”. This Act also requires certain information to be included in the Annual Audit Report. The details of the information required to be included in the Annual Report is provided in detail in the pages that follow.

Requirements for Municipal Audits

Municipal audits shall be performed in accordance with generally accepted auditing standards. We **encourage** the audit to also include tests of compliance with laws and regulations in accordance with *Government Auditing Standards*. **This is not a requirement if not already mandated but is highly encouraged to provide an additional level of accountability for the use of public funds.** The annual financial statements prepared by the municipality shall include the basic financial statements, including notes to the financial statements in the format prescribed by the Governmental Accounting Standards Board. This will include Management’s Discussion and Analysis (MD&A), the government-wide financial statements, the fund statements (including the required reconciliations), required supplementary information (other than the MD&A), and supplementary information. The Annual Audit Report and Biennial Audit Report shall be submitted to DEPA within 60 days of the audit’s completion¹ and shall include the Independent Auditor’s Report and the following items required by the Governmental Accounting Standards Board:

1. Management Discussion and Analysis [Required Supplementary Information (RSI)]
2. Government-Wide Financial Statements
 - a. Statement of Net Position
 - b. Statement of Activities

¹ Code of Alabama 1975, Section 41-5A-12.1

3. Fund Financial Statements
 - a. Governmental Funds
 - i. Balance Sheet (Governmental Funds)
 - ii. Statement of Revenues and Expenditures and Changes in Fund Balance
 - b. Proprietary Funds

 - iii. Statement of Cash Flows
 - c. Fiduciary Funds

4. Notes to the Financial Statements
5. Required Supplementary Information (other than the MD&A)
6. Supplementary Information (when applicable)
7. Independent Auditor's Report on Internal Control and Compliance² (**if performed or applicable**)

Municipalities that meet the biennial audit requirement must include financial statements for each fiscal year of the audit as required by statute. Municipalities that elect, as provided by law, to prepare an annual report in lieu of the biennial audit shall prepare an annual report as provided in the Required Elements of the Annual Report Section below.

The municipality and the firm engaged to perform the audit shall be responsible for determining the applicability of other audit requirements, including but not limited to the requirements for a Single Audit, and/or continuing disclosures requirements.

Required Elements of the Annual Report

² Document prepared by the Independent Public Accountant for audits performed in accordance with **Government Auditing Standards**. The practitioner may in accordance with the standards prepare two separate reports, Report on Internal Control, and a Report on Compliance.

This section of the guidelines contains requirements for municipalities that qualify for the exception listed in Section (b) (3) of Section 11-43-85 of the *Code of Alabama 1975*. Section 11-43-85 (b) (3) of the *Code of Alabama 1975* as amended by Act 2022-345, Acts of Alabama, authorizes the City Council in **a municipality with annual expenditures of less than \$100,000** to “elect to provide for and direct the mayor or city manager to cause to be made, in lieu of a biennial audit... an annual report that complies with the procedures established by the Department of Examiners of Public Accounts”. The annual report is required to be provided to DEPA within 60 days after its completion (*Code of Alabama 1975*, Section 41-5A-12.1) and shall comprise the annual report for that municipality. In addition, the Annual Report “**shall be provided to the City Council at the first meeting after completion of the report and shall be spread upon the minutes of the Council**”. The Annual report **must** contain the following elements:

- d. A statement of cash receipts and cash disbursements;
- e. A statement of compliance with state law;
